An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with K. Miller on 5/26/2004.

The application has been amended as follows:

Claim 1 line 1 after "A" insert --shock absorber having--.

Claim 2 line 1 before "The" insert --A shock absorber having--.

Claim 3 line 1 before "The" insert --A shock absorber having--.

Claim 4 line 1 before "The" insert --A shock absorber having--.

Claim 5 line 1 before "The" insert --A shock absorber having--.

Claim 6 line 1 before "The" insert --A shock absorber having--.

Claim 7 line 1 before "The" insert --A shock absorber having--.

The following is an examiner's statement of reasons for allowance:

Claim 1 defines over the prior art of record by claiming a shock absorber having a controllable restriction comprising;

A first chamber; a second chamber; a flow passage disposed between the first and second chambers; a first filter disposed within the passage; a second filter disposed within the passage; and a plurality of particles disposed between the first and second filters, the plurality of particles being selectively arranged to control the rate of fluid flow through the passage.

Claim 8 defines over the prior art of record for the same reasons.

The prior art of record does not anticipate or render obvious the limitations defined in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
